

Valentine's Contest for Sister School Program Educators

Happy Valentine's Day from Opportunity Education! In honor of Valentine's Day, Opportunity Education is having a contest for educators that participate in the Sister School Program! Each school that sends Valentine letters and/or art work to their sister school by February 14th will be entered into a drawing for a \$50 restaurant gift certificate** to use with your Valentine's sweetheart! When you send the letters to your sister school, please include a cover letter to your sister school with a brief explanation about Valentine's Day celebrations at schools in America. (**See list of restaurant choices to select from on giftcertificates.com)

To be entered into the drawing, you must send Opportunity Education an email when you send letters for your sister school to Opportunity Education's country representative by February 14th, 2011. If you have any questions about the contest or need more information about the Sister School Program, please contact Opportunity Education for details by sending an email with your school's name to anastase@opportunityeducation.org. The winner will be posted in the Opportunity Education's upcoming newsletter!!!

In This Issue

- February Valentine's Contest: Gift Certificate Give-Away
- Sister School Success Stories
- Talkboard for Teachers

Message

Opportunity Education is an international charitable foundation that provides quality educational opportunities for children in developing countries. The foundation supplies educational materials and support to almost 1,000 schools in Africa and Asia.

Opportunity Education also facilitates a Sister School Program by linking schools in our program with schools around the world. Students and teachers can exchange letters, make friends, and learn more about different countries and

cultures.

Opportunity Education with United Mission to Nepal

Opportunity Education curricula, classroom materials, educational DVD's and assessments were recently delivered to schools in Mugu, Nepal. Kshitij Prasai, Acting Education Team Leader with United Mission to Nepal, provided orientation and training to teachers at primary schools to ensure they knew how to use the new materials. Opportunity Education sends supplies annually to over 1,000 schools in twelve countries. Twenty of these schools are in Nepal.

Sister School Success: Share Your School's Story

Did your students do something creative for your sister school? If so, email the details and a photo to anastase@opportunityeducation.org. Stories and photos will be used in upcoming newsletters and shared with other schools.

Opportunity Education's Global Talkboard for Teachers

Want to find creative classroom strategies and exchange curriculum plans with teachers around the world??? If so, check out our newest feature on our website: **the Talkboard!** You can also see pictures and videos of the international schools in our program and make friends with teachers around the world! Join the global discussion today!
