

Quest Forward Learning Institute 2022

Discover. Practice. Engage. Connect.

Get ready for the 2022-2023 school year!

Quest Forward Learning Institute gives school staff and educators the chance to reflect and refine their practice as they take part in a flexibly-paced, hybrid approach to professional learning.

All participants will leave Quest Forward Learning Institute with clear plans for implementing Quest Forward Learning — a student-centered, skills-forward, project-based approach to learning — as well as complete three artifacts of their own.

This summer Quest Forward Learning Institute will serve 100+ educators and school staff nationwide. In recognition of the challenges of the last two years, workshops aim to re-energize and inspire strong, evidence-based practices for all.

For Staff

Learn key terminology and operational tools, plan for student success, and connect with colleagues on a variety of topics.

For Mentors (for quest and activity courses!)

Explore the Quest Forward LMS, curriculum, and feedback model. Develop strategies to support student growth, harvest best practices, connect with colleagues, and feel prepared for the school year!

Save the dates!

August 2 – August 4, 2022
Live in Schools + on Zoom

Onboarding for New Mentors & Staff
July 22 – July 31, 2022
